

Multifunctional dynamic TFT exit sign luminaire made of sheet steel powder-coated. For indication of the safe escape route in variable directions and blocking of affected areas depending on the spread of smoke from a fire as well as display of various safety signs or customer-specific pictograms. With the TFT used, including backlight and image content monitoring, the pictograms are displayed in accordance with standards and can be easily exchanged.

Technical data

viewing distance:	35 m
Material:	sheet steel powder-coated
Illuminant:	TFT
Nominal voltage AC:	230V ±10% 50/60 Hz
Nominal voltage DC:	176 - 264 V
Nominal current AC:	115 mA

Nominal current DC:	63 mA
Apparent power:	26,4 VA
Effective power:	14,3 W
Protection class:	I
Input terminals:	2.5mm² feed through wiring
Temperature ta:	-15...+40 °C
