

Betriebsanleitung

Stufenleuchten
SN 6124 LED 24V Stufen- oder Wandeinbau
SN 6109 LED 24V Stufen- oder Wandeinbau
SN 6203.1 LED 24V Stufen- oder Wandaufbau
SN 6114 LED Stufen- oder Wandeinbau
SN 6114.1 LED Stufen- oder Wandeinbau
SN 6110 LED Stufen- oder Wandeinbau

Sicherheitsleuchten zum Anschluss an 230V-Gruppen- und Zentralbatterie-Anlagen oder 24V-Sicherheitsstromversorgungsanlagen nach DIN VDE 0108 und EN 50171. Ausführung gem. DIN EN 1838 und DIN EN 60598-2-22. Funkentstörung gem. DIN EN 55015.

Operating Instruction

Stair luminaire
SN 6124 LED 24V recessed stair- / wall- mounting
SN 6109 LED 24V recessed stair- / wall- mounting
SN 6203.1 LED 24V stair- / wall- mounting
SN 6114 LED recessed stair- / wall- mounting
SN 6114.1 LED recessed stair- / wall- mounting
SN 6110 LED recessed stair- / wall- mounting

Safety luminaires to EN 1838 for the connection to 230V Low- or Central Power Supply systems or 24V Safety Power Supply systems as per EN 50171 and VDE 0108. Built to EN 1838 and EN 60598-2-22. EMC protection to EN 55015.

Hinweise

Hinweise für Edelstahl
Um das Produkt vor Fremdrost und Verfärbungen zu schützen:
• dürfen zur Montage nur Werkzeuge verwendet werden, mit denen ausschließlich Edelstahl verbaut wird.
• dürfen keine Reinigungswerkzeuge aus Stahl (z.B. Stahlwolle & -bürsten) verwendet werden.
• müssen Reinigungsmittel in jedem Fall salzsäurefrei sein.

! Weitere Informationen zur Pflege von Edelstahl entnehmen Sie den beiliegenden Hinweisen.

! Bei Leuchtenausführung mit Leuchtstofflampe beiliegenden Silikonschlauch über die Anschlussadern schieben!

Technische Änderungen vorbehalten!

Notes

Cleaning and maintenance
To protect the stainless steel surface against corrosion / changes in colour appearance please take care of the following:
• For mounting use tools used for stainless steel only.
• By no means steel tools such as steel brushes or steel wool should be used. Abrasion causes corrosion.
• Cleaning fluids used must be free of hydrochloric acid, to prevent discoloration or corrosion.

! For further stainless steel care instructions please check the attached notes.

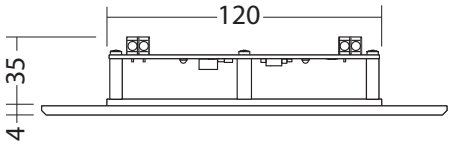

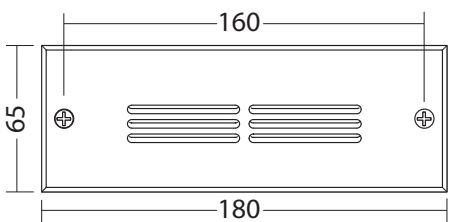

! The connection wires of luminaires with fluorescent tubes have to be protected with attached silicone sleeves!

Subject to technical changes!

1 Einbaurage beachten
Installation

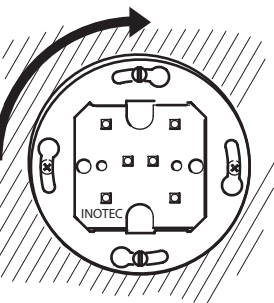

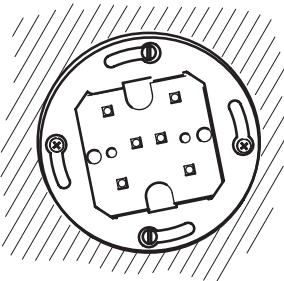

Dose in dieser Lage
einbauen!!!
Mandatory
wall box positioning!!!

2 Abdeckung von der Elektronik lösen
Remove cover

3 Elektronik mit den Schlüssellochern
auf beiden Schraubenköpfe rasten
Insert electronics

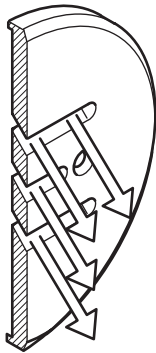

4 Elektronik gerade drehen
und Schrauben anziehen
Twist electronics and
fix the screws

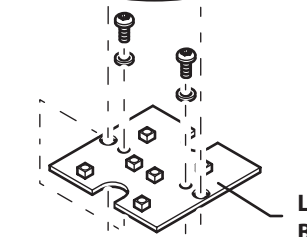

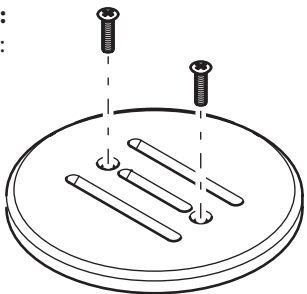

Beschriftung muss lesbar sein.
Text must be readable.

5 Abdeckung wieder anschrauben
Fix cover

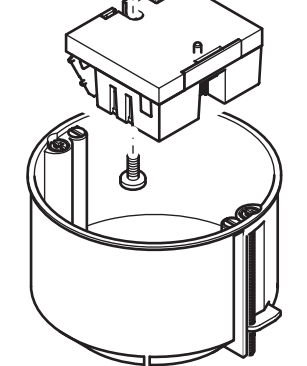

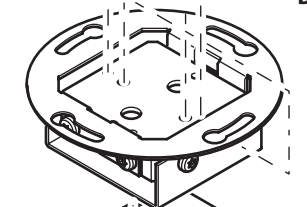

Blende mit Lichtaustrittsschlitzen
nach unten weisend einbauen
Light opening must point downwards
